## TENANT SPOTLIGHT | Datamax and UDP

### A Q & A WITH SALES TEAM LEADER KEVIN BURGESS

#### Tell us about your business.

**Datamax** and **UDP** are the area's premier office equipment and technology solutions companies. We are the largest family-owned office equipment dealer, featuring more than 40 award-winning service technicians. Datamax and UDP enjoy a combined 80 years of print-industry involvement. We have learned a few hundred things along the way!

#### What should potential customers know about you?

We work with the top multifunction printer manufacturers to bring our customers the industry's best for their organization. A multi-

award winning sales force will listen and tailor a solution for print and technology needs. We have been trusted to keep more than 4,000 customers' data safe and productive in their space, and we have been trusted to give wonderful service, fair pricing and provide a relationship as an industry leader – one who will be there for the customer long term.

#### What would surprise people about Datamax and UDP?

Our managed IT engineers provide and back up the cutting-edge technology needed to keep a customer's data recoverable from a data disaster. Our document management experts can help you eliminate your stacks of perishable and non-secure file folders. If they are important enough to keep, why not make them electronic, secure and easy to find?

## TENANT TIP | Smoking restrictions

All buildings are SMOKE FREE. Use of smoking products inside offices, stairwells, restrooms and vestibules is prohibited by landlord rules and city ordinance.

Gathering of employees who are smoking at access doors presents an unacceptable environment for other tenants and visitors coming and going, and is therefore prohibited. Smokers need to move at least 25 feet from the entries or warehouse doors while smoking and place smoking refuse in appropriate containers.

Please be mindful of your neighbors when you smoke, and make sure you do not impose upon their right to smoke-free air.
