TENANT SPOTLIGHT

Matching Health Care Professionals With Those Who Need Them

A Q & A with Betsy Welch, senior market manager of Supplemental Health Care

Tell us about your business.

[Supplemental Health Care](#) was founded in 1984, originally created to give healthcare organizations access to traveling psychiatric and operating room nurses and technicians.

Since that time, we have continued to expand our service and geographic footprint. Today, through our network of more than 60 local offices in major markets across the U.S. and our national divisions

(Travel Nursing, Travel Allied and Direct Hire) we place a variety of nursing, therapy and imaging and health information management professionals in facilities from coast-to-coast.

Enjoy the Spotlight!

We would love to share the in-the-know info about your business with the other tenants and outside sources who read our monthly newsletter.
